MEETING	Fire Authority
DATE OF MEETING	10 June 2020
OFFICER	AC Calum Bell, Head of Service Development.
LEAD MEMBER	Councillor Lesley Clarke OBE
SUBJECT OF THE REPORT	2020-25 Corporate Plan
EXECUTIVE SUMMARY	<p>The 2020-25 Corporate Plan sets out how we intend to equip and develop our organisation and its people to meet the challenges that we face over the next five years, in particular the need to:</p> <ul style="list-style-type: none"> • develop the Service to address the strategic context and priorities set out in our 2020-25 Public Safety Plan; • address the 'Areas for Improvement' identified by Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS) in their report on the findings from their first inspection of the Service undertaken in 2019. <p>Officers have also reviewed and updated the draft plan in light of the potential impact of the Covid-19 pandemic on Service's operating environment.</p> <p>Subject to approval by the Authority, the new plan will become effective from June 2020, succeeding the previous 2015-20 Corporate Plan. The plan maintains the existing framework of four outcome based 'Strategic Objectives' and three 'Strategic Enablers' (set out at page seven of the annexed plan). The new plan will also be reviewed on a regular basis to ensure that it is fit for purpose in light of an ever-changing environmental context. Also, more detailed Directorate and Department Plans will be prepared annually to ensure that the changes and developments set out in the Corporate Plan are embedded within the Service.</p>
ACTION	Decision
RECOMMENDATIONS	That the 2020-25 Corporate Plan be approved by the Authority.
RISK MANAGEMENT	Alongside the Public Safety Plan and Medium-Term Financial Plan, the Corporate Plan sets out how the strategic risks facing the Authority over the five-year period to March 2025 will be managed.

	<p>Risks to achieving the plan together with mitigating actions are identified at page 18 of the updated plan shown at Appendix 1.</p> <p>No privacy or equality, diversity and inclusion issues have been identified as a direct consequence of the preparation of 2020-25 Corporate Plan itself. However, it does include activities designed to address future requirements in relation to these areas.</p>
FINANCIAL IMPLICATIONS	Successful implementation of the plan is critical to the achievement of the Medium-Term Financial Plan objectives.
LEGAL IMPLICATIONS	The Terms of Reference for the Authority require it to determine issues in respect of both the "Integrated Risk Management Plan and Action Plan" following recommendations from the Executive Committee.
CONSISTENCY WITH THE PRINCIPLES OF THE DUTY TO COLLABORATE	<p>The Policing and Crime Act 2017 introduced a statutory duty for emergency services to consider whether entering into a collaboration agreement with one or more other relevant emergency services in England could be in the interests of the efficiency or effectiveness of that Service and those other Services.</p> <p>The new Corporate Plan has been aligned with the collaboration priorities agreed between the three Thames Valley Chief Fire Officers. It also identifies other areas in which collaboration opportunities with other blue light services and local resilience forum partners such as the NHS and local authorities are being pursued.</p>
HEALTH AND SAFETY	Some elements of the programme of activities set out in the Corporate Plan may have health and safety implications e.g. Public Safety Plan reviews of emergency services provision. Detailed assessments of any health and safety implications will be conducted within the scope of the individual projects and work streams.
EQUALITY AND DIVERSITY	Where required, detailed Impact Assessments will be undertaken within the scope of the individual projects and work streams identified in the Corporate Plan. Also, the Plan includes provision to continue pursuit of our Equality, Diversity and Inclusion objectives, associated action plans and progress reporting against these to the Authority.
USE OF RESOURCES	<p>Communication with stakeholders</p> <p>Following workshops convened to obtain input from Service officers responsible for the delivery of the corporate plan, the updated plan has been reviewed by the following:</p> <ul style="list-style-type: none"> • Business Transformation Board at its 23 January

	<p>2020 meeting;</p> <ul style="list-style-type: none"> • Strategic Management Board at its 11 February 2020 meeting. <p>Following approval of the updated Plan by the Authority, it will be circulated to the Service Managers for cascading through the Service.</p> <p>The system of internal control Alongside the Public Safety Plan and Medium-Term Financial Plan, the Corporate Plan provides the strategic frame of reference for controlling the Authority’s activities over the period 2020-25. The system of internal control also ensures that the plan is subject to regular review in light of significant changes to the Authority’s operating environment such as the current national emergency arising from the Covid-19 pandemic.</p> <p>The medium-term financial strategy The Corporate Plan is aligned to and supports delivery of our Medium-Term Financial Plan.</p> <p>The balance between spending and resources The plan sets out the Service’s strategic objectives and the activities that will be undertaken to deliver these over the next five years. These will be cascaded to directorate, team and individual levels and resourced from within the establishment and budgets set by the Workforce and Medium-Term Financial Plans.</p> <p>The management of the asset base The 2020-25 Corporate Plan implies, but does not specify, specific changes to the Authority’s asset base. These will be identified through the relevant programmes of work contained in the plan and referred to the Authority for decision where required or appropriate depending on their nature.</p> <p>Environmental Environmental impact assessments of changes arising from implementation of changes specified in the Corporate Plan will be carried where required or appropriate. The 2020-25 Public Safety Plan requires that the Service “Continue to identify and act on opportunities to reduce our own carbon footprint”. This requirement is reflected in the new Corporate Plan under Strategic Enabler 3 at page 17.</p>
<p>PROVENANCE SECTION & BACKGROUND PAPERS</p>	<p>Background</p> <p>The 2020-25 Corporate Plan schedules the key work programmes arising out of the 2020-25 Public Safety Plan which was approved by the Fire Authority at its 12 February 2020 meeting. 1. Introduction

This document sets out how we intend to equip and develop our organisation and its people to meet the challenges that we face over the next five years and continue to make progress towards the achievement of our vision and strategic objectives. It also sets out the programme of work that will be needed to develop and implement the proposals approved by the Fire Authority following the outcomes of the public consultation on our 2020 - 2025 Public Safety Plan. These were:

<p>Infrastructure projects</p> <p>Consider temporary re-location of fire appliances to reduce impact on emergency response.</p> <p>Review range of potential risks and identify any additional training, equipment and vehicle requirements.</p>	<p>Population</p> <p>Consider changing current response to automatic fire alarms policy, potentially freeing up capacity to deal with an increase in higher risk incident types.</p> <p>Review station resourcing models.</p> <p>Continue to improve our ability to target and engage with vulnerable groups.</p>	<p>Civil emergencies</p> <p>Review current capacity and capabilities to meet emerging risks in collaboration with Local Resilience Forum partners.</p> <p>Continue to identify and act on opportunities to reduce our own carbon footprint by using electric vehicles, for example.</p>
<p>Technology information and systems security</p> <p>Continue to improve resilience of information and communication systems via opportunities such as the Emergency Services Mobile Communications Programme (ESMCP).</p> <p>Assess, identify and resolve potential capability gaps in relation to emerging information and systems security risks.</p>	<p>Workforce pressures</p> <p>Continue to develop our approach to workforce planning to inform recruitment and staff development strategies.</p> <p>Continue development and roll-out of more flexible and innovative employment opportunities to optimise recruitment and retention.</p> <p>Align training strategy and priorities to meet future needs.</p> <p>Continue to explore ways of supporting and enhancing the health and well-being of our staff as their life circumstances change.</p>	<p>Funding pressures</p> <p>Review / optimise zero base approach to budgeting to ensure that the right amount of money is being spent in the right areas.</p> <p>Continue to pursue the case for relaxation of the Government's Council Tax referendum limits.</p> <p>Consider withdrawing from some non-statutory services to reduce costs.</p>

2. Strategic Context

The table below summarises the key strategic challenges identified and evaluated in the 2020 – 2025 Public Safety Plan.

<p>Infrastructure projects</p> <p>Road closures during construction leading to slower emergency response times.</p> <p>On-site risks during construction such as working at heights or depths.</p> <p>New technical risks following project completion such as tunnel rescues.</p>	<p>Population</p> <p>Potential for increases in all types of emergency response.</p> <p>Potential increase in accidental dwelling fire injuries and fatalities particularly in vulnerable groups such as the 80+ age group.</p>	<p>Civil emergencies</p> <p>Increase in frequency and / or severity of incidents as a result of factors such as the effects of climate change.</p>
<p>Technology information and systems security</p> <p>Disruption to our ability to deliver emergency response and other services due to cyberattack.</p> <p>New risks arising from the introduction of emerging technologies such as autonomous vehicles.</p>	<p>Workforce pressures</p> <p>Maintenance of range or level of service to the public due to staff retention and recruitment challenges.</p>	<p>Funding pressures</p> <p>Insufficient funding to maintain current range or level of service to the public.</p>

Financial Context

In February 2020 the Authority approved the budget for 2020-21 (and indicative amounts for future years) following a zero-based approach to setting the budget. It forecasted that reserves would remain fairly constant over the next five years (see Scenario 1 below). However, this is dependent upon continuation of pension grant funding throughout the period. This grant was originally a one-off for 2019-20 but has now been rolled forward into 2020-21, although only formally confirmed for one year.

MTFP Summary (Scenario 1)

Medium Term Financial Plan	2019/20	2020/21	2021/22	2022/23	2023/24	2024/25

Since the budget was approved, the COVID-19 pandemic has had an extremely significant effect on public finances. The Service is currently reviewing potential impacts and will capture these as part of a Financial Strategy to be presented to the Fire Authority in October.

3. Planning Inputs

This plan has been developed in order to prioritise and programme:

- The proposals contained in the 2020 – 2025 Public Safety Plan which was approved by the Fire Authority on 12 February, following the outcomes of a public consultation;

- Thames Valley Collaboration Programme projects to be continued or initiated during the period of this plan;
- Other improvement requirements of strategic importance. For example, identified by recent internal or external audit and assurance activities;
- Incomplete projects carried forward from the 2015 – 20 Corporate Plan and,
- The potential impact of the Covid-19 pandemic.

8. Plan Governance and Monitoring

The key activities and projects specified within this plan will each be supported and developed in more detail through annual Senior Management Team collective objectives. In turn these objectives are delivered by cascading them throughout the organisation via our objective setting and review process. New projects are costed and risk-assessed and submitted through our rigorous approval processes. Each activity or project will be cascaded to a department to deliver through its own individual departmental action plan.

Regular Monitoring

Directorates / Departments will review their performance against their action plans and assess progress of the key activities/projects and monitor their position against agreed performance indicators and risk treatments, updating their progress using our performance management system and its associated risk register.

This will be supported by monthly budget monitoring reports assessing actual / projected spend against planned expenditure ensuring that financial issues are appropriately raised in good time.

Quarterly Monitoring

At the Quarterly Performance Management Board meetings, Department Heads will discuss progress to ensure that any issues and risks arising are, where appropriate, highlighted to our Senior Management Team, and give assurances that any remedial actions will address the issues. On a quarterly basis, the Data Intelligence Team will produce quarterly performance reports bringing together performance, risk and financial management. These reports will then form the basis of performance reports to the Fire Authority.

Annual Monitoring

A summary of progress in relation to key Plan outcomes will be included in our annual Statement of Assurance which is scrutinised by Fire Authority Members at the Overview and Audit Committee. Our annual performance is also reported to the Authority in the form of our balanced scorecard which is aligned directly with our Corporate Plan strategic objectives and measures. An annual report is presented by the Chief Fire Officer to Buckinghamshire and Milton Keynes councils. Finally, all staff receive an annual performance review based on their achievements against the corporate objectives.
