

Buckinghamshire & Milton Keynes Fire Authority

Meeting and date: Overview and Audit Committee, 21 July 2021

Report title: Corporate Risk Management

Lead Member: Health, Safety and Corporate Risk

Report sponsor: Graham Britten, Director of Legal & Governance

Author and contact: Stuart Gowanlock, Corporate Planning Manager

sgowanlock@bucksfire.gov.uk

Action: Decision

Recommendations:

1. That the status on identified corporate risks at Annex C be reviewed and approved.
2. That comments be provided to officers for consideration and attention in future updates/reports.

Executive summary:

This report provides an update on the current status of identified corporate risks. Risk registers are maintained at project, departmental and directorate levels. Corporate risks are those that have been escalated from these levels for scrutiny by the Strategic Management Board (SMB) because of their magnitude, proximity or because the treatments and controls require significant development.

Officers draw on a range of sources to assist with the identification and evaluation of corporate risks. For example, membership of the Thames Valley Local Resilience Forum (TVLRF)'s Strategic Coordinating Group (SCG) facilitates active monitoring of a range of risks with the potential for impacts on local communities and services including, at the present time, Coronavirus (COVID-19) and UK - EU post transition period risks.

Our involvement with the Local Resilience Forum directly links us into national Government agencies and departments such as Public Health England and the Ministry of Housing, Communities and Local Government. This allows us to share intelligence and information with those who are making decisions at the very highest levels.

The TVLRF SCG enables its partners to jointly develop combined responses to civil emergencies, and strategic consequence management. This multi-agency partnership approach helps target our activity directly to the needs of the public.

The Corporate Risk Register was last reviewed by the Overview and Audit Committee at its 17 March 2021 meeting. Since then, it has been subject to regular review by the Performance Monitoring Board (PMB), at which all the directorate and departmental risk registers are reviewed, and by SMB at its monthly meetings.

Since the last Overview and Audit Committee review:

- No new or existing risks were identified as requiring escalation to the Corporate Risk Register (shown at Appendix 3);
- No changes were recommended to the evaluations, risk scoring or RAG status of the existing corporate risks;
- It was agreed that Lead Members be consulted during the evaluation process for risks falling within their portfolios of responsibility;
- The Funding and savings risk has been updated to reflect the increase in Support staff pay by 2% in line with the final year of the three-year pay deal. The NJC has agreed a pay increase of 1.5% for grey book staff and brigade managers. The Authority had budgeted for 0%, in line with the Government's declared pay pause. This will therefore be an in-year pressure for 2021-22 as well as increasing costs in future years;
- In relation to the EU Transition risk (pages 7 – 8 of Appendix 3), although at Green RAG status, it was agreed that this risk should be retained on the corporate risk register to ascertain whether there are potential effects that are currently being masked by Covid-19 pandemic – these may become more apparent as Covid recovery gathers pace and remaining transition milestones are reached. On the 28 June 2021 the EU adopted a positive data adequacy decision with respect to the UK as detailed at page 8 of Appendix 3;
- In relation to the Covid-19 resurgence risk (pages 9 – 10 of Appendix 3), arrangements have been made for staff to undertake lateral flow tests at home, through the Workplace Collect programme, in association with the Dept of Health and Social Care (DHSC). The Parliamentary decision on whether to move to step four on 19 July will be taken on 12 July. The pandemic management group continue to monitor the risks to staff and will ensure the appropriate controls remain in place as wider social restrictions are lifted; and,
- Regarding the Firefighter Pension Schemes risk (page 11 of Appendix 3), a Home Office 'one-off' allocation of funding has been received to mitigate some of the cost of additional administrative burdens arising from recent Court / Tribunal decisions (£32,301 being the pro rata share of the £3m allocated nationally).

The current distribution of corporate risks relative to probability and potential impact is shown at Appendix 1.

Changes to the corporate risk ratings over the last year are shown at Appendix 2.

Detailed assessments of identified corporate risks are shown in the Corporate Risk Register at Appendix 3.

Financial implications:

No direct financial implications arising from the presentation of this report. It is envisaged that the further development of the Authority's corporate risk management framework will be undertaken from within agreed budgets.

Risk management:

The development, implementation and operation of effective corporate risk management structures, processes and procedures are considered critical to assure continuity of service to the public, compliance with relevant statutory and regulatory requirements and the successful delivery of the Authority's strategic aims, priorities and plans.

Legal implications:

None directly arising from this report. Any legal consequences associated with the crystallisation of individual risks are detailed in the Risk Register report at Appendix C.

Within the role description of a Lead Member is a requirement 'to attend the Overview and Audit Committee, at its request, in connection with any issues associated with the portfolio which is the subject of scrutiny'

Privacy and security implications:

None directly arising from the presentation of this report. However, potential risks to privacy and security together with mitigating actions are captured within applicable risk evaluations.

Duty to collaborate:

The potential to share corporate risk intelligence with neighbouring fire and rescue services and other relevant agencies will be considered. Buckinghamshire and Milton Keynes Fire Authority already participates in the multi-agency Thames Valley Local Resilience Forum which produces a Community Risk Register which is among the sources used to identify potential risks to the Authority.

Health and safety implications:

Development of the framework does not impact directly on the legal compliance to health and safety, however if risks are not appropriately identified or evaluated then this may present Health and Safety risks.

Environmental implications:

None directly arising from the presentation of this report. However, potential environmental implications together with mitigating actions are captured within applicable risk evaluations.

Equality, diversity, and inclusion implications:

No direct implications from the presentation of this report. However, risks to achieving the Authority's equality, diversity and inclusion objectives or compliance

with relevant statutes or regulations are identified assessed and managed via this process and are currently monitored within the HR Risk Register.

Consultation and communication:

Senior managers and principal officers are key stakeholders in the development of the corporate risk management framework and have an active role in this at every stage as well as in ongoing identification, evaluation and monitoring of corporate risks. The Lead Member is also be involved in the development of the framework with particular responsibility for determining the reporting arrangements for the Authority.

Background papers:

The current Corporate Risk Management Policy was approved at the 24th March 2021 Executive Committee:

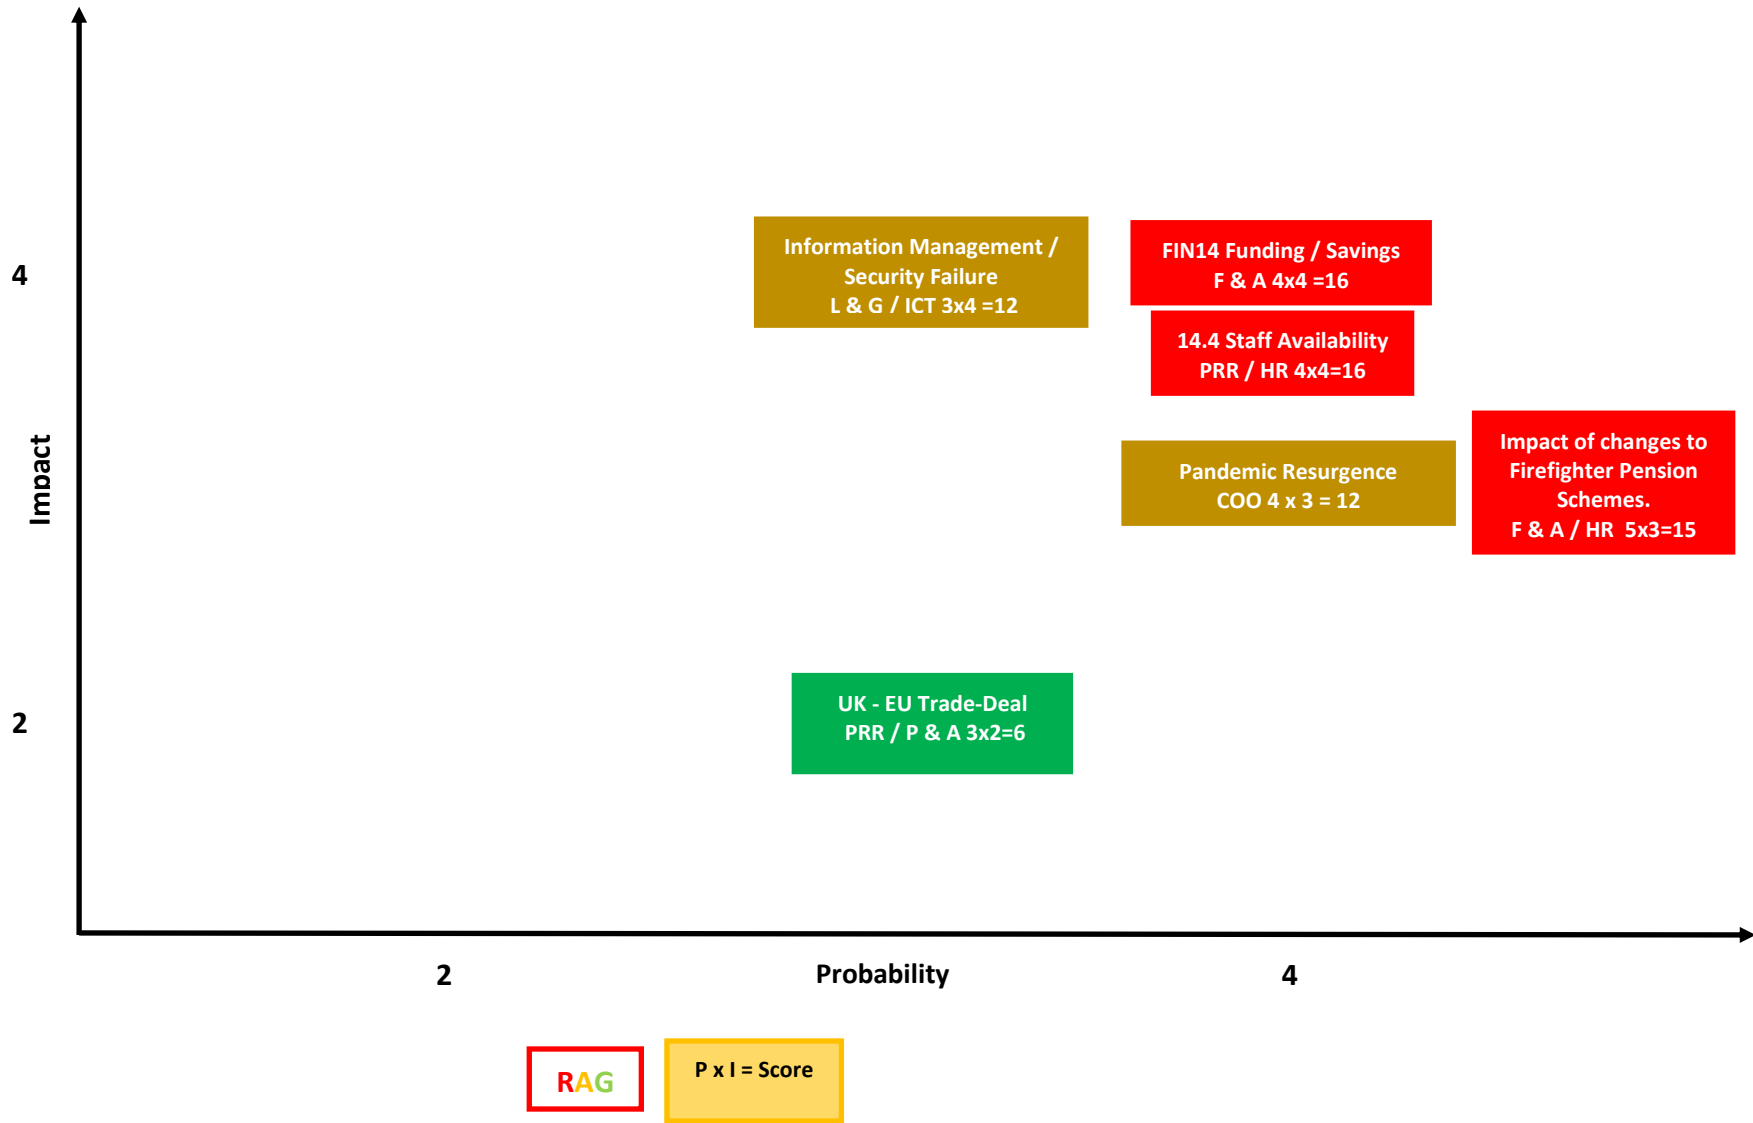

<https://bucksfire.gov.uk/documents/2021/03/ec-240321-item-5.pdf/>

CFA Members were last updated on the status of the Authority’s Corporate Risks at the 17 March 2021 Overview & Audit Committee:

<https://bucksfire.gov.uk/documents/2021/03/oa-item-9.pdf/>

			P	I	Σ				
Fin 14 – Funding and Savings Requirement	Director Finance & Assets	The funding settlement now assumes that a council tax increase is required each year in line with the prevailing capping limit, currently 2% for the Fire Authority, and that local growth meets expectations. If either, or both, did not come to fruition then there is a risk the Authority will not meet its commitment to the PSP 2020 - 25 and that a fundamental re-think of service provision would be required.	(4)	(4)	(16)	H	Proactive management of the MTFP is in force and is very closely aligned to workforce planning.	R	<p><u>23 June 2020 SMB</u> No change to risk score or evaluation</p> <p><u>25 August 2020 SMB.</u> On 21 July 2020 The Chancellor launched the 2020 Comprehensive Spending Review (CSR). The review will set UK Government departments’ resource budgets for the years 2021/22 to 2023/24. It is expected the Provisional Settlement, which will detail the budgets for the Service for those years, will be announced in late December 2020.</p> <p><u>22 September 2020 SMB</u> No change to position reported at last meeting. No changes to risk score / RAG status recommended at this time.</p> <p><u>20 October 2020 SMB</u> The Draft Financial Strategy was approved by SMB for recommendation to the Executive Committee and Fire Authority. The Strategy presents multiple financial scenarios with potential actions that the Service could take in relation to each.</p> <p><u>21 October 2020 Update</u> The Government announced that the Chancellor has decided to conduct a one-year Spending Review. The Review will conclude in “late November” and we therefore expect the Local Government Finance Settlement will be announced in late December.</p> <p><u>19 January 2021 SMB</u> On 17 December 2020, the Government published the provisional local government finance settlement for 2021-22. The proposed referendum principles for fire and rescue services is that any increases in Council Tax are limited to less than 2% (same as for 2020-21). In a letter dated 24 December 2020, the Minister confirmed that the pensions grant will continue to be paid next year, at</p>
			(3)	(4)	(12)	M			
			(3)	(4)	(12)	M	For the present, USAR (S31) grant funding is assumed to continue, though notification now seems to be year on year and often after budget setting. If removed, the Authority will need to cope with a circa £800k cut in funding.		
			4	4	16	H	<p>The Authority has responded to consultations and lobbied MPs to increase the referendum threshold for fire authorities to £5.</p> <p>As part of the budget setting process, we will seek to identify savings opportunities to address the deficit in the overall revenue budget for potential implementation in 2022-23.</p>		

Appendix 3 - Corporate Risk Register – as at 6 July 2021

									<p>the same allocations as last year, and will be baselined into the local government finance settlement from 2022-23.</p> <p><u>16 February 2021 SMB</u> Final figures received from the billing authorities on council tax and business rates result in an overall budget deficit of circa £1.1m for 2021-22. However, there is still a great deal of uncertainty over the level of support available from the Government, which will in-part depend on the outturn position of the collection funds for 2020-21. The level of business rates funding could be especially volatile and will require close attention over the coming years due to the substantial level of provisions for bad debts and appeals contained within the figures that have been provided.</p> <p><u>13 April 2021 SMB</u> The Director of Finance & Assets advised that some sundry revenue receipts have been identified or received but these are not material to the strategic financial outlook for the Authority. No change to risk score or RAG status recommended at this time.</p> <p><u>22 June 2021 SMB</u> The Government has declared it is looking to rule out material change of circumstances appeals in relation to Covid-19, which should lead to an improvement to the business rates collectable for 2022-23. Support staff pay has increased by 2% in line with the final year of the three-year pay deal. The NJC has agreed a pay increase of 1.5% for grey book staff and brigade managers. The Authority had budgeted for 0%, in line with the Government’s declared pay pause. This will therefore be an in-year pressure for 2021-22 as well as increasing costs in future years.</p>

ICT have written to advise that Capita/Updata use it to monitor their systems that support our network but have temporarily suspended these platforms.</p> <p>19 February 2021 SMB</p> <p>Protections in place with our suppliers regarding SolarWinds.</p> <p>Following the attack on Microsoft by WannaCry ICT are working through application of patches.</p> <p>13 April 2021 SMB</p> <p>SMB reviewed the risk evaluation in light of the recent 'Qakbot' incident but agreed that no change to the current RAG status / score was required given early detection of the</p>

Appendix 3 - Corporate Risk Register – as at 6 July 2021

		<p>deletion and corruption. As more and more information is held electronically risks have become systems, as well as process and people based and are therefore vulnerable to cyber-attacks. Cyber-crime is unrelenting and issues arise at a greater frequency than existing intrusion attempts can be resolved. As such, this is a constant on the CRR.</p>					<p>- Premises Security Group re-established to meet on a 3 monthly basis aligned to the PMB meeting schedule has been suspended during the internal governance review. The associated risks are being monitored.</p> <p>5. Training: The biennial “Responsible for Information” training will be supplemented by the National Cyber Security Centre’s new e-learning package 'Top Tips for Staff' which has been built into the Heat training platform as a mandatory biennial package. Cyber-security training, delivered by Thames Valley Police’s cyber security advisor, rolled out to members of the Leadership Group during September 2020. Further training planned for 21/22.</p>		<p>potential vulnerability and steps taken to contain and remove the risk.</p> <p><u>22 June 2021 SMB</u> A number of high-profile websites across the globe, including UK government, experienced disruption on 8 June 2021 due to a software bug at 'Fastly' the cloud-computing company. Although BFRS does not use Fastly’s services directly the BFRS website nonetheless experienced a very brief outage as a consequence of this highlighting the vulnerability of complex interdependent systems (Fastly operate servers at strategic points around the world to facilitate movement and storage of content close to their end users). However, the main threat remains that of malicious attacks as demonstrated by the recent ransomware attack on the Colonial Pipeline operator which carries 45% of the US east coast’s diesel, petrol and jet fuel supplies. The attack disrupted supplies for several days causing fuel shortages.</p>

Appendix 3 - Corporate Risk Register – as at 6 July 2021

Risk Description	Resp.	Consequences if Untreated	Risk Score (Former) / New			Risk Level	Current Treatment	RAG	Comments / Further Treatment Proposed
			P	I	Σ	HML			
Risk of physical disruption to Service operations due to no, or insufficiently comprehensive agreement covering future UK relations with the EU.	Heads of Prevention, Response & Resilience and Protection & Assurance.	Disruption to procurement processes leading to potential shortages of equipment or consumables. Disruption to transportation delaying personnel and or vehicle movements.	(4) (3) (4) 3	(2) (2) (2) 2	(8) (6) (8) 6	(M) (L) (M) L	The likely impact of short-term disruption to supplies of equipment to the Service is considered to be low given that: most Authority procurement contracts are with UK based suppliers; and, the relatively long timescales for procurement within the sector. Advice and guidance from the NFCC and Fire Industries Association in relation to this risk is monitored and acted on as required. The risk of transport disruption is considered relatively low due to absence of ports and international airports within the area served by the Authority. Authority officers are actively involved in in TVLRF risk evaluation and mitigation planning for the wider Thames Valley area.	G	<p><u>19 January 2021 SMB</u></p> <p>The UK - EU transition period ended on 31 December 2020. It was replaced by a Trade and Cooperation Agreement comprising:</p> <ul style="list-style-type: none"> • A free trade agreement covering the economic and social partnership, including transport, energy and mobility; • A framework for cooperation between law enforcement and judicial authorities across civil and criminal matters; • An overarching governance arrangement which will enable either side to impose tariffs if they consider that the provisions relating to the 'level playing field' / state aid have been breached. <p>The scope of the deal and experience to date indicates that the likelihood of there being significant physical disruption to the Service's operations arising from the new arrangements is low. Officers continue to monitor developments via the TVLRF EU Transition Cell. In light of this it is recommended that the probability risk score be reduced to 3 resulting in a Green RAG status.</p> <p><u>16 February 2021 SMB</u></p> <p>No change to risk score – retain for now pending further review following consideration at 17 March O & A meeting.</p> <p><u>13 April 2021 SMB</u></p> <p>Agreed that this risk should be retained on the corporate risk register to ascertain whether there are potential effects that are currently being masked by Covid-19 pandemic – these may potentially become more apparent as Covid recovery gathers pace. No change to risk score at this time.</p>

Appendix 3 - Corporate Risk Register – as at 6 July 2021

								<p><u>22 June 2021 SMB</u> From July, the UK Border Operating Model will end, the full burden of customs declarations will become permanent, requiring full declarations at the point of importation and tariffs with additional paperwork and checks taking place. Also, in the event of an unfavourable data adequacy decision by 1 July, the UK will be treated as a third country for personal data transfers, creating new legal requirements immediately. However, the risk of disruption to our Service operations in the event of these contingencies remains low. No change to risk score recommended at this time.</p> <p><u>29 June 2021 Update</u> On 28 June 2021 the EU Commission adopted two adequacy decisions for the United Kingdom - one under the General Data Protection Regulation (GDPR) and the other for the Law Enforcement Directive. Personal data can now flow freely from the European Union to the United Kingdom where it benefits from an essentially equivalent level of protection to that guaranteed under EU law. The adequacy decisions include a sunset clause, which strictly limits their duration. This means that the decisions will automatically expire four years after their entry into force. After that period, the adequacy findings might be renewed, however, only if the UK continues to ensure an adequate level of data protection.</p>

Appendix 3 - Corporate Risk Register – as at 6 July 2021

Risk Description	Resp.	Consequences if Untreated	Risk Score (Former) / New			Risk Level	Current Treatment	RAG	Comments / Further Treatment Proposed
			P	I	Σ	HML			
Risk of resurgence of Covid-19 and / or seasonal influenza in Autumn / Winter 2020 and into 2021.	Chief Operating Officer	<p>Increased levels of sickness absence amongst staff.</p> <p>Potential degradation of capacity or capability to deliver key services to the public and / or sustain supporting functions.</p>	(4)	(3)	(12)	M	<p>In addition to controls identified for existing staff availability risk (see page 1-2 above):</p> <ul style="list-style-type: none"> Maintenance of current social distancing and sanitisation regimes in all Authority workplaces. Remote working for functions that do not require physical presences in Authority workspaces. Risk assess and prioritise non-emergency services requiring physical contact with the public, suppliers, partner agencies etc. Provision of appropriate PPE for staff required to work in close proximity with the public. Appliance / service availability degradation planning. Free seasonal flu jabs available to all staff. Covid-19 app rolled out to all sites, and pushed to all Authority phones Lateral flow testing available to all staff via workplace collect scheme. 	A	<p><u>17 November 2020 SMB</u> All BFRS Premises are now COVID-19 Secure. RMT has been established as SPOC for local PHE outbreak management. HMICFRS COVID inspection complete – initial feedback to CFO expected 13 November.</p> <p><u>19 January 2021 SMB</u> There has been a significant increase in Covid cases being reported within the Service with absence rates peaking at 10% of workforce earlier in the month but trending down since then. Still awaiting confirmation of FRS inclusion in vaccination programme, if confirmed then would expect FRS vaccinations to start in phase 2.</p> <p>Through our involvement with Bucks CCG in supporting the setting up of a number of primary care network sites for the GP led local vaccination centres, the Service has been asked to provide a priority list of staff, both operational and support, who could be contacted at relatively short notice and be vaccinated, in the event that there are unused vaccines at the Stoke Mandeville Stadium site. Continuing to support the TVLRF and partners where possible. No change to risk score at this point but continue to closely monitor Covid related absence rates.</p> <p><u>16 February 2021 SMB</u> We continue to deploy safeguarding measures for our staff to protect them from the effects of COVID-19 due to the virus being unknowingly spread. Lateral Flow Testing has now been made available to all staff and will help to identify anyone in the workplace who may not be displaying any symptoms (asymptomatic).</p>

Appendix 3 - Corporate Risk Register – as at 6 July 2021

									<p>Furthermore, effective working with colleagues within the NHS and CCGs, has enabled 263 staff, to be offered the COVID vaccine earlier than would otherwise have been expected by drawing on unused capacity within vaccine batches. This equates to 54% of our establishment\workforce.</p> <p><u>13 April 2021 SMB</u> The Head of Covid 19 Preparedness & Response updated on plans to introduce arrangements for staff to undertake lateral flow tests at home, through the Workplace Collect programme, in association with the Dept of Health and Social Care (DHSC). Although current direction of travel in relation to Covid recovery aligned to Government road-map is positive it was agreed that the current risk score would remain but be kept under review in light of external developments.</p> <p><u>22 June 2021 SMB</u> Officers continue to monitor developments in relation to the Government’s recovery road-map and potential delays to the relaxation of ‘lockdown’ measures in light of the rise in Delta variant infections. No change to risk score or evaluation at this time.</p> <p><u>6 July Update</u> The Parliamentary decision on whether to move to step four on 19 July will be taken on 12 July. The pandemic management group continue to monitor the risks to staff and will ensure the appropriate controls remain in place as wider social restrictions are lifted.</p>

Court of Appeal ruling on the McCloud / Sargeant cases: potential impact on staff retirement profile, resourcing to implement changes and financial impacts thereof.	Director Finance & Assets	Potential detrimental effects on service delivery to the community and our reputation.	5	3	15	H	<ul style="list-style-type: none"> Review of Resourcing and Retention strategies Workforce planning data is regularly reviewed with Prevention, Response & Resilience, HR and Finance. Resourcing levels are constantly monitored to ensure coverage. Potential impacts on costs to be factored into future Medium-Term Financial Planning process. Recruitment of dedicated specialist resource to evaluate requirements arising from the Court of Appeal ruling and implement necessary administrative changes. 	R	<p><u>16 February 2021 SMB</u> In light of the recommendation from the 4 February PMB, SMB approved the extraction of the pensions related aspects of this risk and their inclusion as a separate risk in the corporate risk register. On 12 February 2021 the judgment of the Employment Appeal Tribunal was handed down. This found that authorities had acted unlawfully in implementing the legislated changes to the Firefighters Pension Scheme. We are awaiting further advice on the implications of this judgment, especially in relation to payments due to those who have recently retired or are due to do so imminently.</p> <p><u>13 April 2021 SMB</u> A recent Home Office 'one-off' allocation of funding to mitigate some of the cost of additional administrative burdens arising from Court / Tribunal decisions in relation to the Firefighters Pension Scheme (£32,301 being the pro rata share of the £3m allocated nationally) was noted. The potential risks to the schemes administration nationally as a result of provider consolidation were discussed and noted alongside potential cost sharing across fire authorities nationally to offset potential financial risks arising from further litigation in relation to schemes at individual authority level.</p> <p><u>22 June 2021 SMB</u> The Home Office and LGA issued version 2 of their immediate detriment guidance in June 2021. This will assist with the handling of immediate detriment payments.</p>
		Failure to discharge statutory duties.							
		Loss of critical knowledge / skills / capacity / competency levels,							
		Failure to comply with legal requirements.							
		Unknown / unquantified budgetary impacts.
